

Instructions: Live Adhans, Prayers and Talks from Essex Jamme Masjid on Your Amazon Alexa devices

Step 1: Prepare Your Echo Device

- Plug in and turn on your Echo (Alexa) device.
- Ensure a stable internet connection.

Step 2: Install and Set Up Alexa App

- Download and install the Alexa app on your smartphone or tablet.
- Sign in to the Alexa App with your Amazon account. Create one if needed.
- Set up your Echo device with the Alexa app.

Step 3: Set Up Your Echo Device for EJM Radio

- To use the Echo (Alexa) device solely for streaming EJM Radio station.
- Mute the device to avoid other commands being picked up.
- Avoid using the “Alexa, play...” command.
- Run the Routine manually from the Alexa App>More>Routines>Play button beside the EJM Radio Routine if you use the device for other commands.

Step 4: Connect Your Echo Device to Wi-Fi

- Tap the Devices icon.
- Tap the “+” icon to add a new device.
- Select your Echo device type.
- Follow the instructions to connect your device to Wi-Fi.

Step 5: Complete Setup

- Follow prompts to customize settings.
- Your Echo device is ready to use with the Alexa app.

Step 6: Set Up EJM Radio Routine

- Tap this link on your device with the Alexa App:
https://alexa.amazon.com/routines/shared/_wQBjOprRJ6Yx_N-UxbNIA
- Or, scan the QR code for the link with your device that has the Alexa App. (I’m unable to generate a QR code, but you can use an online QR code generator.)

Additional Tips

- Ensure your Echo device is within range of your Wi-Fi router during setup.
- If you encounter issues, ensure your Wi-Fi network is stable and your Alexa app is updated to the latest version.
